

NORTH BEND HIGH SCHOOL CHRISTMAS WREATHS

The North Bend High School Boys and Girls Basketball Teams will be selling Christmas Wreaths once again this year.

Last year we began using a new supplier because our former helpers retired. All wreaths are hand tied with materials harvested locally in Oregon. We had many positive comments and people were thrilled with the product that they received. We are excited to offer wreaths from the same company this year!

This year's wreaths consist of Noble Fir, Incense Cedar, Juniper, and Ponderosa Pine Cones. These wreaths are gorgeous and if kept outside, will stay fresh well past the new year.

With the uncertainty caused by the COVID virus, our current plan is to purchase 350 small wreaths, 25 medium sized wreaths and 5 large wreaths. If we have a good response, we may be able to purchase more wreaths and have them shipped at a later date.

This year as in the past, we will be offering 3 sizes of wreaths! The smaller wreath will have a 16-inch ring and be about 26-inches on the outer edge of the wreath and will cost \$30. The medium sized wreath will have a 24-inch ring and be 36-inches from outer edge to outer edge and will cost \$75 each. The largest wreath will have a 48-inch ring and will be 60-inches from outer edge to outer edge and will cost \$125.

We have full confidence that you will enjoy these wreaths as much as you have in the past.

To order a wreath (or two), please fill out the attached order form and return it to the school as soon as possible!!

CHRISTMAS WREATHS

Name of Buyer: _____

Buyers Address: _____

Buyers Phone # _____

Buyers Email: _____

Name of Seller/Player: _____
